## THE SCORING SYSTEM

Men's college gymnastics elected to adopt the International Gymnastics Federation's (FIG) "Code of Points" as its new scoring system starting in 2008. Previously, the program had been using a modified version in the 2006 and '07 seasons which still put a maximum value of 10 points on each routine. In the newly adopted system, a gymnast's final score will be the sum of his Difficulty and Execution Scores. The scores for each routine will be open-ended with most scores earning between 13-16 total points depending upon the apparatus.

### Difficulty Score

The Difficulty Score will award gymnasts points for the difficulty and technical content of a routine. One judge will be on the D Panel and will be responsible for crediting the athletes for connections (two high-level skills that are connected) and for completing element group requirements. The nine most difficult skills and dismount will account for the Difficulty Score. All skills have a set value and are categorized into six groups depending upon the difficulty aspects of the element. Connection values can be earned on floor, rings and high bar for an extra 0.1 or 0.2 points.

### Execution Score

The Execution Score will be decided by a two to four person E Panel. Beginning with 10 points, deductions for errors, faults in execution and presentation will be made by all judges independently. The Execution Score will be computed by taking a varied average of the E Panel marks. The range of deductions will be from 0.1 point for a small error and 1.0 point for a fall.

# SEASON OUTLOOK

The 2011 Ohio State men's gymnastics team has only good things to build on after an exciting run at the 2010 NCAA Championships which resulted in three All-Americans, including a national champion on rings, and the Buckeyes' second-consecutive trip back to the team finals since the 2004 and 2005 campaigns.

Now, interim co-head coaches Doug Stibel and Blaine Wilson will look for their squad to utilize that experience to again peak at the right time as Ohio State travels to Champaign, Ill., for the 2011 Big Ten Championships April 1-2 before hosting the 2011 NCAA Championships April 14-16 in St. John Arena.

Although the Buckeyes lose three seniors from 2010, the squad returns a wealth of talent and experience, including NCAA and Big Ten champion Brandon Wynn and All-Americans Ty Echard and Philip Onorato.

"The loss of three seniors has a big impact to the team," Stibel said. "You grow to rely on your seniors to lead the way and to guide the younger guys on what it means to be a Buckeye. We will miss the talents of Tai Lee, Justin Myers and Shachar Tai. We have a great freshman class that includes Jeff Treleaven, Kris Done, and Misha Koudinov that have a great amount of competitive experience to help offset the loss of our seniors. We are expecting great performances from all of our freshmen."

"It's always tough to replace athletes on any team," Wilson said. "I think with the leadership of Brandon Wynn, the finesse of Sean Regan, and the willingness to be great by all of the freshmen, we can do awesome things this year."

Stibel and Wilson welcome in a large freshman class with seven gymnasts joining the team in 2011. Misha Koudinov, Kris Done, Matthew Barr, Brandan Jones, Nick Tagliaferro, Jeff Treleaven and Mario West comprise a talented class that will look to make a quick impact on the team. Also joining the squad this season is junior transfer Joel Uptmor as well as walk-ons Mike Carney and CJ Weir.

## THE ALL-AROUND

Brandon Wynn, Kris Done and Misha Koudinov will all be fighting for the top spots in the all-around at any competition this season.

"Brandon Wynn will be one of the top guys in the country fighting for the crown of being the NCAA All-Around champion," Stibel said. "Brandon has worked extremely hard over the summer to improve every event to be the best collegiate gymnast."

Coming off a tremendous summer, Wynn returns for his final Buckeye campaign after making a name for himself at the national and world level on his second U.S. Senior National team. At the 2010 VISA Championships last August, the native of Voorhees, N.J., was the top collegiate gymnast, finishing third in the all-around including a national title on rings. His success at the elite national

event earned himself a spot on the U.S. World Team for the World Championships held in Rotterdam, Netherlands. Last fall, Wynn finished 10th overall in the world on the rings event.

"Brandon is a tenacious competitor," Wilson said. "He strives for perfection and I think he will excel this year."

This past fall, Koudinov, a native of Auckland, New Zealand, competed at the 2010 Commonwealth Games and at the 2010 World Championships for the national team. At the Commonwealth Games in Dehli, India, Koudinov finished sixth overall in the all-around competition with a team-best 83.0.

"Misha has a wealth of international experience which will make an immediate impact to the team's success this year," Stibel said. "We expect Misha to add a much needed level of experience to the team."

"Kris Done has steadily improved over the summer and we will be in the running for Big Ten Freshman of the Year," Stibel added. "Kris adds a clean and very consistent style of gymnastics to the team and will be relied on heavily this season to add to the overall success of the team."

## FLOOR

The Buckeyes look to start each dual meet off strong as floor is expected to be a strong event for the 2011 squad. In addition to its all-arounders, Ohio State's floor lineup will tap into the talents of Philip Onorato, Sean Regan, Elliott Hardy and Blaize Monks.

Kris Done, Matthew Barr and Jeff Trealeaven will add depth to the team on the floor exercise as well.

"Floor is always one the hardest events," Wilson said. "You are out there on a 40-by-40 mat and anything can happen. These guys will all be looking to tackle that piece of equipment with guts and grit. It will be a very strong event for us."

## POMMEL HORSE

One of Ohio State's best events in 2010, pommel horse will again be anchored by junior All-American Ty Echard, who finished third on the event at the 2009 NCAA event championships and scored a program-high 15.7 at Michigan last season.

"Echard has been working hard over the summer to be the best pommel horse swinger in the country," Stibel said. "I look for Ty to be the anchor of the team and come away with big scores. If Echard continues his ways, I see no reason why he will not be the NCAA pommel horse champion."

Koudinov also will be a consistent performer for the Buckeyes as he brings a clean and unique style of gymnastics to the pommel horse line-up.

"John Laing has gained a tremendous amount of experience from his freshman

campaign," Stibel said. "I look for John to be very clean and consistent and that will bring in great marks for pommel horse. Others that will break into the line are Kris Done and Michael Newburger."

## RINGS

Undoubtedly the Buckeyes' strongest event, Ohio State will once again be one of the best squads in the nation on rings. With Wynn, who went undefeated last season on every level, Onorato, the 2009 Big Ten runner-up on rings, Behles, Regan and Koudinov as strong possible contenders, the Buckeyes' rings team is deep.

"Rings will be one of our stronger events again this year," Wilson said. "Mike Behles, Sean Regan, Phil Onorato and Misha Koudinov will be key players for us on this event. Nick Tagliaferro is coming off a shoulder injury and will contribute to the team later in the season."

## VAULT

The Scarlet and Gray will look to be one of the top vaulting teams in the country in 2011 with a lineup full of depth and talented routines. In one of its most exciting events this season, Ohio State will look to have the potential for six 6.6 value scores in any competition this year. Wynn, Behles, Onorato, Treleven, Uptmor and Regan will all look to have solid routines in the lineup for the Buckeyes.

"Vault is going to be a solid event for us this year," Stibel said. "We have spent a lot of time developing the 6.6 vaults. If you are going to win vault you need the big vaults. A welcomed addition to the vaulting lineup will be Jeff Treleven. Jeff has a stock pile of vaults that he can do and any one of them will produce a great score of the Buckeyes."

## PARALLEL BARS

After losing its top performers on parallel bars from last season, including Shachar Tai, Tai Lee and Justin Myers, Stibel and Wilson will look to Wynn and Regan to lead the Buckeyes on parallel bars in 2011.

"Parallel Bars have been a challenge for us in the past," Wilson said. "I don't think that will be a problem this year. Wynn, Onorato, Regan, and Behles have all stepped up their routines. Our outstanding freshmen, Koudinov and Done will only add gasoline to that fire."

"Parallel bars will be a very exciting and strong event for us this year," Stibel said.

## HIGH BAR

On high bar, the Buckeyes will have to replace graduated senior Tai Lee who led the team on the event throughout the 2010 season. Stibel and Wilson will look to Regan, Monks and Wynn, who all bring valuable experience this season.

"High bar is a high flying spectacular," Wilson said. "It requires that you let go of the bar as many times as possible to gain points and that's what our team does. Once again our freshmen, Koudinov and Done will add some spice to our lineup. Joel Uptmor and John Laing will also be key players on this event."

"Both Misha and Kris will fill the holes left by Tai Lee and Justin Myers," Stibel said. "Kris upped his routine quite a bit over the summer and we expect that Kris will be one of the leading scores for us. Misha will be a key contributor on high bar as he has a very clean and includes unique skills that many gymnasts don't see often. John Laing and Joel Uptmor have shown steady improvement and will have the potential to add depth to the line-up."

## FRESHMEN CLASS

"We will be looking for strong and steady performances from this freshmen class on all of the events," Stibel said "This class has a great variety of talent on every event and each guy has the potential to add depth to the team as a whole. They have big shoes to fill but we believe that they all have what it takes to make it happen."

## THE COMPETITION

As it is every season, the Big Ten Conference will field six of the nation's top gymnastics programs with 2010 national champion Michigan, Illinois, Penn State and Ohio State all fighting for the conference title in April in Champaign, Ill.

Highlighting the 2011 season for the Buckeyes will be hosting the 2011 NCAA Championships at St. John Arena. The top collegiate gymnastic programs from across the country will be in Columbus April 14-16 and Ohio State will look to compete at a high level in its home facility in front of its hometown fans.

"Hosting the NCAA Championships at home is a huge advantage to the Buckeyes," Stibel said. "It is our home arena and where we compete all year long. The team knows that we won a national title in St. John Arena in 2001 and they are motivated to repeat as national champions at home again."

"I welcome this opportunity," Wilson said. "In 1995, we hosted the championships at St. John Arena. We came up short and had to watch the competition from the stands. I remind these guys of how tough that was for us. I think it will be an exciting and unforgettable experience for everyone."

# DOUG STIBEL

INTERIM CO-HEAD COACH

1ST SEASON

OHIO STATE

Doug Stibel was named interim co-head coach for the Buckeyes this fall after nine season as an assistant coach for Ohio State. As a member of the coaching staff, Stibel has helped coach the Buckeyes to four Big Ten championship crowns (2002, '05, '06, '07). For his work in the 2007 season, Stibel garnered his first-career Central Region Assistant Coach of the Year accolade.

A four-year letterwinner for the Buckeyes (1996-99), Stibel was a member of the 1996 NCAA champion team and 1996 and '97 Big Ten championship squads.

# U.S. NATIONAL TEAM

Ohio State has a proud tradition of not only sending representatives to the Summer Olympic Games and numerous other international competitions, but also boasts the reputation of having those athletes perform extremely well for their country.

Most recently, senior co-captain Brandon Wynn represented the United States at the 2010 World Championships last fall in Rotterdam, Netherlands. The native of Voorhes, N.J., led the Americans on rings with a team-high 15.533 to help the United State finish fourth overall in the elite international event. Wynn notched a 15.4 in the qualification round, which placed 10th overall.

The two-time All-American became the fourth Buckeye to be named to the U.S. Men's World team (Raj Bhavsar, Kip Simons, Blaine Wilson). Wynn made his second U.S. national team after winning the U.S. national title on rings last August at the 2010 Visa Championships in Hartford, Conn. The 2010 Big Ten and NCAA champion on rings finished third in the all-around competition at nation's elite meet, including setting a program-record 90.0 all-around score in the finals. Wynn became the second Buckeye to claim the national rings title since two-time Olympian Raj Bhavsar won the event at the 2004 championships.

Ohio State was well represented at the 2008 Olympic Games in Beijing as former Buckeye Raj Bhavsar (2000-03) helped the U.S. Olympic Team to a bronze finish in China.

Bhavsar, who served as an alternate at the 2004 Olympic Games in Athens, Greece, competed on four of the six events for Team USA.

In 2009, Wynn made his first U.S. Senior National team after an outstanding performance at the 2009 VISA Championships. Wynn hit a career-high 16.1 on vault and posted a 15.85 on rings to prove himself as an elite gymnast. At the meet, Bhavsar was recognized with the USA Gymnastics Sportsmanship Award.

In 2006, former Buckeye Jimmy Wickham (2005-08) competed at a World Cup event at the Flanders Sports Arena in Ghent, Belgium, as a member of the U.S. Senior National Team where he made the final day of competition.

In 2004, current interim co-head coach Blaine Wilson was tabbed USA Gymnastics' 2004 Athlete of the Year. Wilson, the most decorated Buckeye to date, helped lead the Buckeyes to their second NCAA title in 1996.

At the 2004 Summer Games, Wilson competed in his third-consecutive Olympics and helped lead the team to a silver medal.

In the summer of 2003, Bhavsar was on the U.S. team that placed second at the World Championships, the highest-ever finish for the U.S. in the event.

At the 2000 Olympic Games in Sydney, Wilson, the only U.S. gymnast to claim five-consecutive national titles, again represented the United States, while then-Buckeye team captain Jamie Natalie was the alternate on the squad. In 2001, Natalie competed in the Pontiac International Team Championships.

During the 1996 Olympic Games in Atlanta, Wilson and Kip Simons were members of the U.S. squad that finished fifth. Simons was a two-time World Championships team member and a member of the gold-medal Pan American Games team in 1995.

# ST. JOHN ARENA

Formerly the home of Ohio State basketball for 42 seasons, St. John Arena now is the permanent venue for the Buckeye gymnastics teams. Completed in November of 1956 at a cost of less than \$4 million, the 13,276-seat structure is named for former OSU basketball coach and athletic director, L.W. St. John.

The building of St. John Arena ushered in a golden era in Ohio State basketball. The Buckeyes won the national championship in 1960, were runners-up the next two years and captured a still unequalled five-consecutive Big Ten titles between 1960 and 1964.

With the opening of The Jerome Schottenstein Center, St. John Arena has become the full-time playing facility for the men's and women's gymnastics teams. Also using the arena for events are wrestling and the men's and women's volleyball teams.

The Arena has hosted two NCAA Men's Gymnastics Championships, first in 1995 and then in 2001. Fans at the 2001 meet saw the Buckeyes claim the national title, OSU's first since 1996.

St. John Arena has hosted numerous men's and women's gymnastics Big Ten Championships and will again serve as host in 2010 as the men's squad welcomes its conference foes for the league championships April 2-3, its first in Columbus since 2003.

Over the years, the capacity of the arena has fluctuated. The original mark of 13,491 has gone as high as 13,681 and as low as the present figure of 13,276. Prior to the start of the 1987-88 season, a \$1.2 million scoreboard, featuring the latest in computer graphics, was installed. At the same time, new corner scoreboards and a new lighting system were added.

# OHIO STATE GAME DAY

Game day is a fan friendly experience at Ohio State with promotional events such as fan festivals and postgame autograph sessions. Fans are exposed to exceptional athletics on game day, as Ohio State represents one of the nation's elite in athletic performance. Buckeye squads are consistently vying for conference and national titles, in addition to producing All-America performers and scholar-athletes.

# STEELWOOD

## ATHLETIC TRAINING FACILITY

With the support of the university administration, the Buckeyes moved into the Steelwood Athletic Training Facility in 2003. The practice center has helped in the training of some of the country's best gymnasts. "Steelwood" has approximately 15,000 square feet of workout area.

Along with the facility, the squad practices on equipment that meets the latest FIG specifications. For every event OSU gymnasts have the ability to train into in-ground resipits, in-ground loose foam pits or a competition-landing surface.

There is not a lot of waiting around in the Buckeye gym, as they have at least two, three and sometimes even four sets of competition equipment. Additionally, the gym features two trench bar training pits, a tramp bar training area, and a full size trampoline complete with bungee training system. The staff also utilizes a min-tramp station for air awareness and landing drills on resipits and competition surfaces. The variety of training tools and landing surfaces also helps alleviate some of the wear and tear on gymnasts' bodies that leads to overuse and chronic injuries while training.

As an example, the AAI/Palmer spring floor is set up to allow a gymnast to tumble onto the floor itself, onto a resipit or even into loose foam. These different landing surfaces allow a gymnast to train safely at an extremely high level at all times.

Also, the gym has an in-ground tumbletrak that goes into loose foam, an Olympic quality trampoline that also goes into loose foam and a 60-foot rod floor that goes onto an in-ground resipit or into loose foam. Unique to the Buckeyes' gym are the four vaulting stations in the facility. Two of the vaulting strips go into loose foam, one goes onto a resipit and still another is a competitive landing surface.

The Buckeye gymnastics program is proud of its new gym, a facility that is considered one of, if not the best, gymnastics training facilities in the country.

# BIG TEN CHAMPIONS

As a member of the Big Ten Conference, the Ohio State men's gymnastics finds itself among stiff competition year in and year out. Each season, the six Big Ten gymnastics programs, including Illinois, Iowa, Michigan, Minnesota, Ohio State and Penn State are consistently ranked at the top of the national standings, making each league championships a showcase of the nation's best. With the help of both Doug Stibel and Blaine Wilson, the Buckeyes have found success, collecting five league titles in one decade. Since 1998, The Scarlet and Gray have finished in the Top 3 twelve times at the Big Ten finals and nabbed the conference crown in 2001, '02, '05, '06 and '07.

With its third-straight Big Ten title, the 2007 Ohio State team became the first to log such a run in program history which dates back to its first appearance at the championships in 1922. Previously, the Buckeyes had recorded back-to-back championships three times (1993-94, 96-97, 2000-01) without being able to tack on a third.

## WHAT IS A BUCKEYE?

A small, shiny, dark brown nut with a light tan patch that comes from the official state tree of Ohio, the buckeye tree.

According to folklore, the Buckeye resembles the eye of a deer and carrying one brings good luck. "Buckeyes" has been the official Ohio State nickname since 1950, but it had been in common use for many years before.

The first recorded use of the term Buckeye to refer to a resident of the area was in 1788, some 15 years before Ohio became a state. Col. Ebenezer Sproat, a 6-foot-4-inch man of large girth and swashbuckling mannerisms, led the legal delegation at the first court session of the Northwest Territory in Marietta. The Indians in attendance greeted him with shouts of "Hetuck, Hetuck" (the Indian word for buckeye), it is said because they were impressed by his stature and manner. He proudly carried the Buckeye nickname for the rest of his life and it gradually spread to his companions and other local settlers. By the 1830s, writers were commonly referring to locals as "Buckeyes."

# OHIO STATE TRADITIONS

## BUCKEYE LEAVES

A round white decal, about the size of a quarter, with a green depiction of a buckeye leaf is applied to Ohio State football helmets for big plays and consistency on the field. This tradition started in 1968 when football coach Woody Hayes and longtime trainer Ernie Biggs changed the look of the Ohio State uniforms. Many of the sports at Ohio State incorporate Buckeye Leaves into their equipment and uniforms.

## SCRIPT OHIO

The signature formation of the Ohio State University Marching Band performed before, during halftime or after home football games is Script Ohio.

Each time the formation drill is performed, a different fourth- or fifth-year sousaphone player has the privilege of standing as the dot in the "i" of "Ohio."

At exactly 16 measures from the end of "Le Regiment," the drum major struts out toward the top of the "i," with a senior sousaphone player high-stepping a couple of paces behind. As the crowd's cheering crescendos, the drum major stops and dramatically points to the spot where the sousaphone player then assumes the post of honor, doffs his or her hat and bows deeply to both sides of the stadium.

Woody Hayes, Bob Hope and Jack Nicklaus are among the select few non-band members who have had the honor of dotting the "i."

First performed at the OSU-Pittsburgh football game Oct. 10, 1936, Script Ohio was named one of Athlon Sports' 10 Greatest Football Traditions in 1999.

## BRUTUS BUCKEYE

One of the more visible symbols of Ohio State athletics is Brutus Buckeye, the school's mascot. In 1965, an art student designed and introduced the first Brutus, while the name was chosen in a contest. The mascot began as a hardened paper mache affair that looked like a bowling ball with legs. In 1975, a radical new Brutus was designed with a prune-like head and a man's body. That attempt was booed off the field and was re-worked, giving way to a mascot comparable to the beloved present-day Brutus.

The original choices for Ohio State's mascot included a ram, an elk, a moose and the leading candidate, a male deer. Due to the skittish nature of deer, the idea of a mascot was tabled until January 1941 when "Chris," a German police dog owned by an assistant cheerleader, made an appearance at a basketball game. The dog's career was short-lived and OSU remained without an official mascot until the 1960s.

## SCHOOL SONGS

Ohio State proudly boasts an alma mater (Carmen Ohio), two fight songs (Across the Field and Buckeye Battle Cry) and a state rock song (Hang on Sloopy).

## BUCKEYE BATTLE CRY

In old Ohio there's a team  
that's known thru-out the land;  
Eleven warriors, brave and bold,  
whose fame will ever stand.  
And when the ball goes over,  
our cheers will reach the sky,  
Ohio field will hear again  
The Buckeye Battle Cry –

Drive! Drive on down the field,  
Men of the scarlet and gray;  
Don't let them thru that line,  
We have to win this game today,  
Come on, Ohio!  
Smash through to victory.  
We cheer you as you go:  
Our honor defend  
We will fight to the end for O-hi-o.

## ACROSS THE FIELD

Fight the team across the field,  
show them Ohio's here  
Set the earth reverberating  
with a mighty cheer Rah! Rah! Rah!  
Hit them hard and see how they fall;  
Never let that team get the ball,  
Hail! Hail! the gang's all here,  
So let's win that old conference now.

### SCARLET AND GRAY

Ohio State's official school colors since 1878, scarlet and gray were chosen by a group of three students in a lecture room in University Hall because "it was a pleasing combination ... and had not been adopted by any other college," noted selection committee member Alice Townshend Wing.

### TBDBITL

"The Best Damn Band in the Land" is the 225-member, all-brass Ohio State University Marching Band that formed in 1879 as a military band. Also known as "The Pride of the Buckeyes," the band perhaps is best known for the incomparable Script Ohio. Another band tradition of note is the "skull session," a warmup concert/pep rally in St. John Arena, open to the public before every home football game that allows the band to play and "think through" the show one last time. More than 10,000 fans regularly attend each skull session.

### CHEERLEADERS

Buckeye cheerleaders are a constant source of support at all athletics events. The squad took second at the 2001 College Cheerleading National Championship, its highest finish since winning the 1993 title, and has placed first in the northeast region in 19 of the last 21 years. The squad was 15th at the 2008 national championships. The cheerleaders make appearances all over the state of Ohio throughout the year.

## CARMEN OHIO

Oh! Come let's sing Ohio's praise, And songs to Alma Mater raise;  
 While our hearts rebounding thrill, With joy which death alone can still.  
 Summer's heat or Winter's cold. The seasons pass, the years will roll;  
 Time and change will surely show, How firm thy friendship O-HI-O.

Active in a number of national professional and service organizations, Gee served as a Trustee for the Harry S. Truman Scholarship Foundation and as chairman of the Kellogg Commission on the Future of State and Land-Grant Universities. He is a member of the National Commission on Writing for America's Families, Schools, and Colleges, founded by the College Board to improve the teaching and learning of writing. He also serves as co-chair of the Association of Public and Land-Grant Universities' Energy Advisory Committee.

# ASSOCIATE VICE PRESIDENT/DIRECTOR OF ATHLETICS GENE SMITH

Gene Smith is in his sixth year as director of athletics at The Ohio State University. He was named to his current position on March 5, 2005. On March 17, 2008, Gordon Gee, president of The Ohio State University, promoted Smith to university assistant vice president/director of athletics and he has since been named associate vice president/director of athletics.

Smith is the eighth person to hold the athletics director position at Ohio State and the first African-American to do so. He previously served as director of athletics at Arizona State, Iowa State, and Eastern Michigan Universities, and is entering his 26th year in the role.

At Ohio State, the 54-year old Smith oversees one of the nation's largest and most successful college athletic programs. The Buckeyes have 36 fully-funded varsity sports and more than 1,000 student-athletes. The department of athletics is completely self supporting and receives no university funds, tax dollars or student fees. In fiscal year 2009-10, the department transferred nearly \$29 million in assessments to the university, including nearly \$14 million in grant-in-aid reimbursement. Smith was named 2010 Sports Business Journal Athletic Director of the Year for the past year.

Upon arriving at Ohio State, Smith quickly established himself as a respected and thoughtful leader, both within the university and the community. In the spring of 2007, he unveiled a five-year strategic plan, reflecting the department's goals and values. The strategic planning process, inclusive of the entire department, emphasized the development of the total student-athlete.

Under Smith's leadership, The Ohio State Department of Athletics was honored in the spring of 2008 with the Diversity in Athletics Award in the category of Overall Excellence in Diversity. Smith accepted the honor at the 43rd annual National Association of College Directors of Athletics Convention in Dallas.

Shortly after Ohio State was honored as a department for its dedication to diversity, Smith was individually recognized for his contribution to the sport of football.

The National Football Foundation & College Hall of Fame, announced in June of 2008 the recipients of the NFF's 2008 Major Awards. Smith was honored officially Dec. 9, 2008 in New York with the John L. Toner Award. Presented annually, the Toner Award is given to a director of athletics who has demonstrated superior administrative abilities and shown outstanding dedication to college athletics and particularly college football.

Smith is on the Governing Board of Trustees of the Lincoln Theatre Association. He was named to the position by the Franklin County (Ohio) Board of Commissioners. The three-year appointment was effective March 10, 2009.

Nationally, Smith is involved with USA Basketball as a member of the Finance & Audit Committee. That appointment was made March 25, 2009. The Finance & Audit Committee is responsible for making recommendations to the Board regarding the organization's financial investments, reviewing independent auditors for USA Basketball and, if necessary, oversight, implementation and compliance with the USA Basketball Code of Ethics.

Smith has an exemplary record of national leadership and service.

In 2007, he served as president of the Division 1-A Athletic Directors Association. He is entering his fourth year on the prestigious NCAA Men's Basketball Committee and will serve as chair of the committee for the 2010-11 academic year. Smith was recently named to the newly created Basketball Academic Enhancement Group, a 27-member panel charged with developing strategies to enhance academic performance and graduation rates in Division I men's basketball.

Smith is past president of the National Association of Collegiate Directors of Athletics (NACDA) and was that organization's first African-American president. He also has served on the NCAA Management Council, the NCAA Committee on Infractions, the NCAA Executive Committee, the NCAA Football Rules Committee, the President's Commission Liaison Committee, the NCAA Baseball Academic Enhancement Task Force, and the National Football Foundation Honors Court, among others.

In recognition of his service, Smith was named by Black Enterprise Magazine as one of the "50 Most Powerful African American in College Sports." In 2007, he was named to NACDA's inaugural "Legends Class," and was also named Athletic Administrator of the Year by the Black Coaches Association (BCA). In 2002-03, he received NACDA's AD of the Year honors for the Division 1-A West Region.

Smith grew up in Cleveland, Ohio, and attended the University of Notre Dame on a football scholarship. He played four years of football as a defensive end for the Irish and was a member of the 1973 Associated Press national championship team. Smith received his bachelor's degree in business administration from Notre Dame in 1977. Following graduation, he joined the Notre Dame coaching staff under Dan Devine and remained in that capacity until 1981. The 1977 Notre Dame team captured the undisputed national championship.

Smith left Notre Dame following the 1981 season to accept a marketing position with IBM. He returned to college athletics in April of 1983 as assistant athletics director at Eastern Michigan University. In 1985, he was appointed as interim director of athletics at Eastern, a position he held until 1986 when he became the director on a full-time basis.

In 1993, Smith was named director of athletics at Iowa State University. He moved to Arizona State as director of athletics in 2000.

As a former college athlete and coach, Smith is passionate about the well being of student-athletes. "We want to create an environment for our student-athletes to be successful academically, athletically and socially," he says. "The student-athlete experience provides teachable moments that prepare young women and men for success in life."

Smith is active in the Columbus community and is a member of the board of the YMCA of Central Ohio. He also is active with the Bell Center for African American males on Ohio State's campus.

Smith and his wife, Sheila, have four children: Matt, Nicole, Lindsey and Summer, and two grandchildren: Marshall and Steele. Sheila, a 1976 Canadian Olympian in basketball, holds a doctorate in higher education administration and is an associate vice president for development at Ohio State.

# BIG LIFE. BIG STAGE. BIG TEN.

## JAMES E. DELANY

### Big Ten Conference Commissioner

Only the Big Ten's fifth commissioner since its founding in 1896, James E. Delany enters his 21st year in that role. He has led the Big Ten through significant periods of change and growth that have helped the conference maintain its preeminent position as one of the nation's leaders in providing quality athletic and academic experiences for young people.

## STUDENT-ATHLETE OPPORTUNITIES

- Big Ten universities provide approximately \$100 million in direct financial aid to more than 8,500 men and women student-athletes who compete for 25 championships, 12 for men and 13 for women.
- Conference institutions sponsor broad-based athletic programs with more than 270 teams. Other than the Ivy League, the Big Ten has the most broad-based athletic programs in the United States.

## TOP ACADEMIC INSTITUTIONS

- Big Ten universities are members of the nation's only conference whose constituency is entirely composed of institutions that are members of the AAU, a prestigious association of major academic and research institutions in the United States and Canada.

## MORE TELEVISION EXPOSURE

- The Big Ten's media agreements with CBS Sports, ABC/ESPN, the Big Ten Network and CBS College Sports Network provide the conference with its greatest television exposure ever.
- In 2006, the Big Ten created the first national conference-owned television network devoted to the athletic and academic programs of a single conference. The Big Ten Network launched on Aug. 30, 2007, and became the first new network in cable or satellite television history to reach 30 million homes in its first 30 days. The Big Ten Network is now available to more than 70 million homes nationally through agreements with more than 250 cable/satellite affiliates and appears in 23 of the top 25 national media markets.
- Since the current media agreements began in 2007-08, every home football and men's basketball game has been produced while women's basketball has received more coverage than any other conference.
- The Big Ten's new media agreements have resulted in the broadcast of more than 500 events nationally and regionally on an annual basis, compared to 300 events in the final year of the previous agreements.

## NATION'S BEST FANS

- Big Ten fans are some of the nation's most supportive, with more than 8.7 million patrons attending conference home contests during the 2008-09 seasons for football, men's and women's basketball and volleyball alone.
- Over the last 31 seasons, the conference has ranked either No. 1 or No. 2 nationally in football, men's basketball and wrestling attendance. For the past 17 seasons, women's basketball has been ranked either No. 1 or No. 2 nationally in attendance.
- Big Ten institutions have more than 4.2 million living alumni and over 300,000 undergraduate students attending their universities.

The Big Ten Conference is a union of 11 world-class academic institutions who share a common mission of research, graduate, professional and undergraduate teaching and public service. The conference's 100-plus years of history, strong tradition of competitive intercollegiate athletic programs, vast and passionate alumni base, and consistent leadership in innovations position the Big Ten and its entire community firmly on the Big Stage.

The Big Ten has sustained a comprehensive set of shared practices and policies that enforce the priority of academics and emphasize the values of integrity, fairness and competitiveness in all aspects of its student-athletes' lives, with the ultimate goal of ensuring that each individual has the opportunity to live a Big Life.

## SUCCESSFUL PROGRAMS

- During the 2008-09 season, the Big Ten claimed five team national championships, including titles for Iowa wrestling, Penn State fencing and women's volleyball, Northwestern lacrosse and Wisconsin women's ice hockey. In addition, Big Ten teams finished as the national runners-up in men's basketball and men's gymnastics.
- Big Ten teams have claimed at least three national titles in nine of the last 10 seasons (1999-2000 through 2008-09). Over the last decade, the Big Ten has produced team national crowns in the sports of basketball, cross country, fencing, field hockey, football, golf, gymnastics, ice hockey, lacrosse, soccer, softball, synchronized swimming, tennis, track and field, volleyball and wrestling.

## LEADERSHIP IN GENDER EQUITY

- Since 1992, the Big Ten has shown a strong commitment to increasing opportunities for women in sports and exposure of women's athletics by establishing a multi-phased gender equity program. In that time, the Big Ten has created in excess of 2,000 new opportunities for women student-athletes and established 28 new women's teams, while expanding the number of women's championships to 13 by adding field hockey, soccer and rowing.
- As part of the gender equity action plan, the Big Ten was the first conference to voluntarily adopt male/female participation goals for student-athletes in 1992. The Big Ten initiated a five-year plan for conference members to commit to a 60 percent/40 percent male-to-female student-athlete participation ratio. This was achieved as a conference by 1997 and 2000 was the first year that all institutions individually met this goal. As part of its commitment to gender equity, the Council of Presidents/Chancellors annually monitors this policy. During the 2007-08 year, all institutions were in compliance and the conference averaged a 52/48 male-to-female participation ratio.

## BUILDING THE FUTURE

- In 1989, the Big Ten created a community outreach program—SCORE (Success Comes Out of Reading Everyday), which partners the conference with two Chicago elementary schools to improve reading performances. What began with one school, two grade levels and five classrooms has grown in its 20th year to include grades kindergarten through eighth, encompassing all classes and students at Melody School and Louis Armstrong School.
- Following the national tragedy on Sept. 11, 2001, the Big Ten, through its intercollegiate athletic department revenues, pledged a \$1 million scholarship contribution to assist the families of those affected by the terrorist attacks. The conference's donation is called the "Big Ten 9-11 Scholarship Fund", and the \$1 million contribution will be drawn from conference reserves which are generated as a result of football and men's basketball participation in NCAA, bowl and regular-season television opportunities.
- The Big Ten has established numerous community programs surrounding the Big Ten Men's and Women's Basketball Tournaments, including the Wayne Duke Postgraduate Award Scholarship, the Big Ten Career Fair, the Hoops Day 5K and a partnership with the Pink Ribbon Connection, a local breast cancer organization.

Big Ten Network President Mark Silverman (from left), Fox National Cable Sports Networks President Bob Thompson, Chicago Mayor Richard M. Daley, Big Ten Commissioner James E. Delany and Illinois Department of Commerce and Economic Opportunity Director Jack Lavin announce official Big Ten Network headquarters location at the historic Montgomery Ward building in Chicago.

*"Eleven schools, 252 varsity teams, one great network to cover it all. Welcome to the Big Ten Network, your ultimate source for Big Ten sports, featuring the games, passion and tradition of the nation's foremost athletic conference." – Dave Revsine, August 30, 2007*

The Big Ten Network is dedicated to covering the Big Ten Conference and its 11 member institutions. The Big Ten Network provides unprecedented access to an extensive schedule of conference sports events and shows; original programs in academics, the arts and sciences; campus activities; and associated personalities. Sports programming includes live coverage of more events than ever before, along with news, highlights and analysis, all complemented by hours of university-produced campus programming. The Big Ten Network is a joint venture between subsidiaries of the Big Ten Conference and Fox Cable Networks. The Big Ten Network reaches a national audience through distribution arrangements with approximately 240 cable and satellite companies.

# NCAA COMPLIANCE REGULATIONS

The Ohio State University Athletics Compliance Office is committed to a comprehensive compliance program that educates everyone about the importance of adhering to NCAA, Big Ten, and institutional rules. We strive to create a “compliance conscience” within the university and throughout the community.

The commitment to compliance ensures institutional control over the department of athletics and furthers the mission of The Ohio State University. The existence of a successful compliance program depends on the willingness of coaches, administrators, staff, student-athletes and boosters to be cognizant of NCAA, Big Ten and institutional rules.

## WHAT IS COMPLIANCE?

At Ohio State, the athletics compliance office works within the department of athletics and the university to ensure Ohio State’s compliance with all applicable rules. In doing so, the compliance office is charged with the following tasks:

- Educating administrators, coaches, staff, prospects, student-athletes and boosters about NCAA, Big Ten and institutional rules;
- Developing monitoring systems to ensure compliance with these rules. These systems are designed to monitor rules pertaining to recruiting, academic eligibility, financial aid, awards, extra benefits, ethical conduct, amateurism, agents, employment, occasional meals and the playing and practice seasons for each sport; and
- Investigating and reporting violations of NCAA, Big Ten and institutional rules to the appropriate governing authority.

## ARE YOU A BOOSTER?

You are a booster if you are or ever have:

- Been a member of a booster organization that supports Ohio State athletics;
- Made any financial contributions to any area of Ohio State;
- Made any annual or lifetime membership commitment to a booster organization;
- Been involved with the recruitment of a prospect;
- Provided benefits to an enrolled student-athlete or their relatives or friends;
- Been involved in promoting Ohio State’s athletic program;
- Provided or helped to arrange employment for student-athletes;
- Participated in a group loosely associated with the athletics department (e.g., “Friends Of” group);
- Been a season ticket holder.

## ONCE A BOOSTER ... ALWAYS A BOOSTER.

According to the NCAA, once an individual has been identified as a booster, he or she retains this identity forever.

If you do not meet the definition of a booster, you can still be classified as a booster if you provide benefits to prospects, student-athletes, their relatives or friends and any of the following statements are true.

- The relationship between the athlete (or parents of the athlete) and the individual providing the benefits developed as a result of the athlete's participation in athletics or their reputation as an athlete;
- The relationship began only after the athlete became a prospect;
- The relationship began only after the athlete had achieved notoriety because of his or her athletic ability or reputation; or
- The pattern of giving increased after the athlete attained notoriety as a skilled athlete.

## WHAT IS AN EXTRA BENEFIT?

A recruiting inducement or extra benefit is any special arrangement by an Ohio State University employee or booster to provide a prospect, a student-athlete or their relatives or friends a benefit not expressly authorized by the NCAA. Examples of impermissible extra benefits include but are not limited to:

- cash or any type of gifts;
- loans or cosigning of loans;
- vehicle or the use of a vehicle;
- payment for or arrangement of transportation costs;
- free or reduced cost goods or services;
- free or reduced cost housing;
- concert or sporting event tickets; or
- any item not expressly permitted under NCAA rules

## WHAT ARE THE CONSEQUENCES?

Ohio State is responsible for the actions of its boosters. If a booster provides an impermissible benefit to a prospect, a student-athlete, or their relatives or friends, Ohio State may be subject to penalties, even if the student-athlete has completed his or her eligibility. The prospect or student-athlete who accepts an impermissible benefit jeopardizes his or her eligibility for intercollegiate competition. A booster who provides an impermissible benefit may be disassociated from the university's athletics program. Disassociation results in a loss of all benefits or privileges offered by the department of athletics and may involve other penalties as appropriate.

## GOT QUESTIONS? ASK COMPLIANCE.

The provided information is a brief overview of compliance and rules pertaining to boosters and their interactions with prospective and current student-athletes. It is not an exhaustive discussion. # 2010 MEET-BY-MEET RESULTS

## NCAA INDIVIDUAL EVENT FINALS APRIL 17, 2010, WEST POINT, N.Y.

Highlighted by junior co-captain Brandon Wynn's national championship on rings, the Ohio State men's gymnastics team had a tremendous night at the 2010 NCAA Individual Championships in West Point, N.Y., seeing all three qualifiers in Wynn, Philip Onorato and Steven Spencer earn All-America honors.

Wynn accomplished a feat that just one other gymnast in Ohio State history had done so before – be named a national champion on rings. He won his first career NCAA title on rings with a 15.9, .750 points better than the rest of the pack, joining current Buckeye interim co-head coach and former U.S. Olympian Blaine Wilson as the only two gymnasts to do so.

After a runner-up finish at the 2009 NCAA Championships, sophomore Steven Spencer had the hunger to go after first Saturday night. And when he raised his hand, Spencer delivered a clean routine that the judges awarded a 15.125. His 15.125 was good for third at the 2010 NCAA Championships, making him a two-time All-American.

Onorato, a native of Plano, Texas, earned his first career All-American honor, scoring a 15.95 on vault to tie for fourth place. The talented sophomore already has collected three runner-up finishes at the Big Ten championships and looks to have a bright future with the Buckeyes.

However, the Buckeyes bounced back with a 62.05 team score on vault -- their second-best event total on the apparatus in 2010. Ohio State received 15.0 or better marks from five gymnasts with Onorato notching a 15.8 for second. Myers added a 15.75, his second season-best score on the night, while Behles contributed a 15.45, Hardy a 15.05 and Lee a 15.0.

On parallel bars, the squad notched a 54.85 behind a pair of 13.9s from Myers and Spencer before shaking off the rotation and posting a season-best 58.95 on high bar. Lee added another career high for the Buckeyes with a 15.3. Lee's score ties the Ohio State program-record on high bar with former Buckeye All-American Jake Bateman (2006-09). Junior Sean Regan hit a career best with a 14.75 on the event as Myers added a 14.7 and Onorato had a 14.05.

# THE NISSEN-EMERY AWARD

ohio state's nissen award winners mike racanelli, kip simons, blaine wilson and jamie natalie.

## THE NISSEN-EMERY AWARD

Each year, the prestigious Nissen-Emery Award is presented to the outstanding senior male collegiate gymnast in the nation.

Penn State's Casey Sandy was the recipient last season.

In addition to gymnastics excellence, the winner also must fulfill the following requirements:

He must be an example of good sportsmanship and fair play – a champion in defeat as well as in victory.

He must maintain a high standard of scholarship throughout his college career.

The award is inscribed with the motto:

"The true champion seeks excellence physically, mentally, socially and morally."

College gymnastics coaches, student-athletes and accredited college gymnastics judges across the nation are requested to submit nominations. Gymnasts receiving the highest number of nominations are placed on a final ballot and voted upon by those same coaches, student-athletes and judges.

## GEORGE NISSEN

The award is named after George Nissen, a world class athlete and inventor, who was a three-time national tumbling champion from 1935-37.

Nissen is most widely recognized for his invention of the trampoline, which was used for recreational purposes at schools across the country in the 40's and also was used to train and condition Navy pilots during World War II.

Following the war, Nissen started the Nissen Trampoline Co., which eventually became Nissen Corp., the world's largest supplier of gymnastics equipment.

He is the honorary President of the International Federation of Trampolining and in 1993, was elected Vice President of the International Federation of Sports Acrobatics.

He was the founder of the Nissen Cup in Switzerland and the recipient of the Distinguished Service Award of the President's Council on Fitness and Sports.

At age 70, he founded Nissen Sports Academy, which continues to develop new fitness products. He is the owner of more than 30 patents in the field of sports and fitness.

Nissen has received numerous awards throughout his life, and the 91-year-old competitor was the 2000 honoree for the Senior Fitness Award from the California Governor's Council on Physical Fitness and Sports.

## ROBERT EMERY

In 1998 Dr. Robert W. Emery, the 1969 winner, agreed to help the College Gymnastics Association (CGA) finance the redesigning of the award and establish an endowment that would indefinitely cover the annual expenses associated with it.
